

HOLSTEIN

FEED THE FUTURE

TRA MILK 8000

**For Cows Producing up to 30 Liters of Milk Daily
Designed for High Performance**

High-producing cows need a highly digestible, nutrient-dense feed to maintain body condition, milk quality, and fertility.

- Supports peak milk yield (up-to 30L/day)
- Boosts fat % and SNF
- Maintains body condition and energy balance
- Enhances reproductive performance
- Reduces risk of metabolic diseases

Premium Ingredients

- Energy sources: Maize, molasses
- High-protein meals: Soybean, canola, cottonseed
- Bypass protein: Heat-treated protein cakes
- Rumen-protected fat & amino acids
- Chelated minerals, vitamins (A, D, E), organic selenium
- Live yeast, toxin binders & liver tonics

Nutritive value

Crude Protein	Min-22%
Fat	Min 5%
Crude Fiber	Max-9%
Calcium	Min-1.2%
Phosphorus	Min-0.6
Additives	Yeast, buffers, enzymes, minerals

Reproduction Benefits

- Maintains energy balance to reduce silent heat
- Improves ovarian function and conception rates
- Fortified with Vitamin E, organic Selenium & zinc
- Promotes faster uterine recovery post-calving
- Reduces repeat breeding & calving interval

Why Choose Our High-Yield Feed?

- Higher milk yield & better milk solids
- Improved cow fertility & faster breeding
- Better feed conversion & body condition
- Field-tested formulation trusted by top-performing farms

FEEDING GUIDE

- Feed 400g per liter of milk. Extra 1 kg for better health and body condition.
- Always offer good-quality green fodder, dry forage, and clean water
