

HOLSTEIN

FEED THE FUTURE

XTA MILK PRIME

For Cows Producing 30+ Liters of Milk Per Day
Precision Nutrition for Peak Yield & Reproduction

Why This Feed?

High-producing cows need premium-quality, energy-dense feed to maintain health, sustain yield, and support reproductive efficiency.

- Supports milk yield of 30+ liters/day
- Maximizes milk fat, SNF & milk solids
- Improves reproductive efficiency
- Maintains body condition under stress
- Reduces risk of metabolic disorders (ketosis, acidosis)

Premium Ingredients

Our scientifically formulated concentrate includes:

- Energy-dense grains (maize, molasses, bypass fats)
- High-quality protein meals (soybean, canola, cottonseed)
- Bypass protein & amino acids (RP-Methionine, RP-Lysine)
- Live yeast & buffers – to maintain rumen health
- Chelated trace minerals & fertility boosters
- Herbal liver tonics & toxin binders

Nutritive value (Per Kg. of DM)

Crude Protein	Min-24%
Crude Fat	Min -6%
Crude Fiber	Max-8%
Calcium	Min-1.5%
Phosphorus	Min-0.9%

Why Choose Our Elite Feed?

- Designed for top-tier performance cows
- Increases milk per cow per day efficiently
- Strengthens reproductive health and fertility
- Improves feed efficiency and lifetime productivity
- Recommended for progressive dairy farms & breeders.

Reproductive Health Support

- Prevents negative energy balance that delays heat
- Fortified with Vitamin E, Selenium & Biotin for ovarian health
- Promotes faster uterine recovery post-calving
- Reduces silent heat, repeat breeding & calving intervals
- Improves embryo quality and conception rates

FEEDING GUIDE

Feed 300-350gm concentrate per liter of milk. Extra 1 kg for better health and body condition.
Provide ample green fodder, dry roughage & clean water, Consult for TMR planning for elite herds
